

CREATING INDIVIDUAL TECHNOLOGIES

**IHR PARTNER FÜR INNOVATIVE
SOLUTIONS**

**WORKPLACE &
ASSEMBLY SYSTEMS**

www.albatools.com

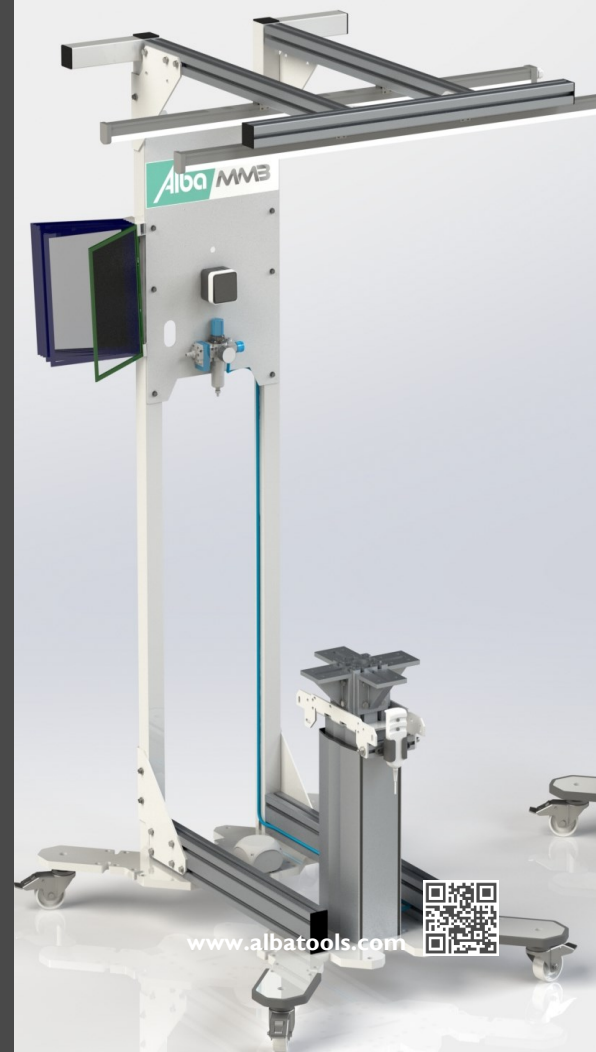

Seit Jahren baut Alba weltweit optimal abgestimmte Arbeitsplatz- und Montagesysteme, die speziell auf individuelle Kundenanforderungen angepasst sind.

WORKPLACE & ASSEMBLY SYSTEMS

- | **Basic & manual single workstations**
- | **Assembly devices**
- | **Partly automated workplaces**
- | **Assembly lines & transport systems**
- | **Highly automated mass production lines**

BASIC WORKPLACES

- | **Suitable for the construction and assembly of various devices**
- | **Model in steel, stainless steel or aluminum**
- | **Electric height adjustment**
- | **Rotation and swivel options**
- | **Scalable size**
- | **Add-ons such as**
 - | **LED-Lighting**
 - | **Testing devices and camera systems**
 - | **Power supply (EU & NAFTA)**
 - | **Fixings for assembly tools**
 - | **Individual, constructive expansions**

ASSEMBLY WORKPLACES

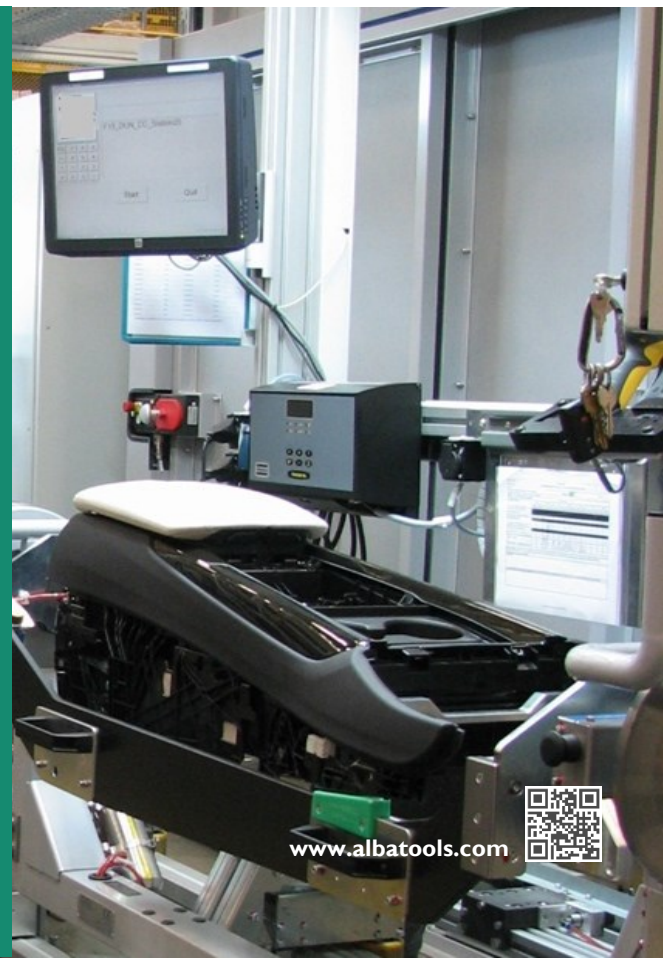

Alba is one of the leading specialists in the development and manufacture of innovative manufacturing systems in the field of high-quality plastic components.

ASSEMBLY WORKPLACES

- | Individual fixtures
- | Special connections for various components and assemblies for the production line
- | Fixed or movable versions
- | Assembly and screwing processes
- | Function tests
- | Camera systems for EOP checking
- | Manipulators and handling devices can be integrated
- | Measurement and test fixtures

ASSEMBLY LINES & TRANSPORT SYSTEMS

- | Fully automated production line
- | Reproduceable and reliable assembly contents
- | Min. cycle time and 100% quality assurance
- | Pick by Light & Torque control
- | Clocked systems
- | Individual infeed and outfeed of recordings
- | System for operational data acquisition
- | Camera systems with documentation of results and visualization of malfunctions
- | Picking systems
